

NSTA

Nebraska School Transportation Association
2016 Conference
Kearney Holiday Inn

Key Note Speaker
Dr. Nancy Blackwelder.

If you have not yet heard Nancy speak please check out her website at www.safebus.org. She has had a very impressive career in Education and Transportation and was honored with an article in School Bus Fleets as one of the “25 most Fascinating Industry Personalities”.

You will not want to miss a minute of her Program entitled “How Bus Drivers Get into Trouble” and her, “You know you are in Transportation When” I am sure she will offer much needed laughter as well as tips on how to keep ourselves and our drivers out of trouble.

We will also be hearing from

Matt Coatney CDL program manager with DMV with more potential changes on the horizon.

And **T.S.A.** will have a representative to advise us.

With Brussels and other terrorist attacks still in our thoughts, let’s see what we can do to make our environments safe..

A Vendor Show will be available all day with great opportunities to network with other transportation professionals.
